Motivate and Inspire Your Students With The Magic Inside

A Motivational Magic Show

Messages From The Show The Magic Is In

**You are an important person!
Set your goals high!
Say no to drugs and alcohol!
School is important!
Don't give up!
Learn from your mistakes!
And many more...**

**More than just
a magic show!**

When your school hosts “The Magic Inside” School Assembly Program you get more than just a magic show. You get an award winning magician talking with the children about the “Real Magic” in life — the ability to be and do anything you want.

You will receive support materials: a teacher's kit with ideas for discussion and additional resources; posters to promote the show; a press release to let your community know the “extra mile” you are going for the children's success; and a copy of Tim's book “Amazing Magical Secrets for Kids” which is full of tricks the kids can learn.

That's the message Master Magician Tim Adamz shares with school children throughout the country in his motivational and inspirational *The Magic Inside* school assembly program.

Tim uses the art of magic to grab the children's attention then talks with them about a variety of motivational topics: “Say No” to drugs, set goals, you can do anything you put your mind to, learn from your mistakes and more — all while enjoying an entertaining magic show!

Tim's fun loving character is appreciated by both students and faculty; in fact, teachers often comment that they have as much fun as the students!!!

The Magic Inside™ has a Money Back Guarantee!

If for any reason you are not happy with this program - you don't pay!

Tim Adamz is an award winning magician from Chicago. He has been making his living as an entertainer since 1985. During that time he has written and performed three different shows for elementary schools, all with educational themes (Safety, Motivation and Reading).

When not working in schools Tim performs in theaters, clubs and colleges. Tim has been seen on The Bozo Show and Comedy Central.

His school show has been hailed by school faculty and students as one of the most fun assemblies they've ever had.

Tim works hard to make sure his school programs have just the right blend of entertainment and education, thus filling the needs of both student and administrators.

Tim's other school show this year is "STAMP out Bullying" - a message that is prevalent for today.

Why I do "The Magic Inside" Show by Tim Adams

In 1999 I started performing *The Magic Inside* program for elementary schools. Since that time, I have done considerable research on motivation, self-esteem and success. This research has literally changed my own life. I now wake up excited about my day and enthusiastic about my job, my relationships and life in general. It is my goal to share this excitement with school children throughout the country.

As the Uncle for two boys, I am concerned with all the negative images

given to children today. With *The Magic Inside* I project a positive message and energetic, positive image.

During *The Magic Inside* I share inspirational stories about [Albert Einstein](#), [Thomas Edison](#) & [Harry Houdini](#) and personal stories through the medium of the entertaining magic effects I present. The kids have a great time at the magic show and learn something at the same time. It's a win-win situation for everyone.

Use in Your Anti-Drug Campaign

Though *The Magic Inside* is not specifically an anti-drug program, it will fit in nicely with your campaign against drugs. After all, a positive self-image is the first step toward keeping a child away from substance abuse.

Many schools have used *The Magic Inside* as a very effective part of their anti-drug programs and now you can too. As such you can use resources from state and federal sources to help defray costs.

References Happily Provided

If you are interested in knowing what others who have hosted *The Magic Inside* are saying about the program, we will happily provide you with the names and numbers of others who have hosted the program.

Add to that the confidence that if you are not completely satisfied you don't have to pay, then there is no reason your school shouldn't host *The Magic Inside*. Tim has offered this guarantee for 2 years and has been enthusiastically paid after each show!
